

# BAYER UTE CARD™

Betanal Forte is a broad spectrum, post emergence herbicide that controls a wide range of broad-leaved weeds in beet crops

*Betanal® Forte*

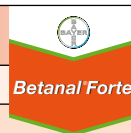

## Benefits

- **Betanal Forte** effectively controls a wide range of broad-leaved weeds (eg: willow weed, fathen, groundsel, black nightshade) in beet crops, protecting yield and crop quality.
- **Betanal Forte** can be applied once the weeds have reached 2 true leaves ensuring weed competition is removed quickly.
- **Betanal Forte** has a proud 40 year history of effective weed control and ongoing product innovation around the world.

|                         |  |
|-------------------------|--|
| Weed                    | A range of broad-leaved weeds (see table)                                      |
| Crop                    | Fodder beet, Red beet, Sugar beet  |
| Rate                    | Fodder beet: 1.5 L/ha<br>Red and sugar beet: 3-4.5 L/ha depending on weed size |
| Application timing      | Apply once the crop has 2 true leaves fully developed                          |
| Application method      | By tractor mounted hydraulic boom sprayer only                                 |
| Water rate              | Fodder beet: 200-300 L/ha water<br>Red and sugar beet: 200 L/ha                |
| Rainfastness            | Betanal Forte is rainfast 2 hours after application when applied to a dry crop |
| Withholding period      | Fodder beet: 56 days   |
| No. applications / crop | 2 per crop   |
| Compatibility           | Commonly used herbicides   |
| Pack size               | 15 and 5 litres  |
| Approved handler        | Approved handler status is required  |

| Weed table        |                    |
|-------------------|--------------------|
| Susceptible weeds | Weed size          |
| Chickweed         | Up to 6 leaf stage |
| Fathen            | Up to 6 leaf stage |
| Fumitory          | Up to 6 leaf stage |
| Groundsel         | Up to 6 leaf stage |
| Redroot           | Up to 6 leaf stage |
| Shepherd's purse  | Up to 6 leaf stage |
| Spurrey           | Up to 6 leaf stage |
| Nettle            | Up to 6 leaf stage |
| Twin cress        | Up to 6 leaf stage |
| Black nightshade  | Up to 4 leaf stage |
| Combind           | Up to 4 leaf stage |
| Willow weed       | Up to 4 leaf stage |
